SUBJECT: 4TH OF JULY PROGRAM EVALUATION AND FINANCIAL SUMMARY
MEETING DATE: 8/24/2017

Program Evaluation and Financial Summary

Program Title: 4th of July Blast
Date: August 16, 2017
Evaluation Prepared by: Andee Tarazon, Recreation Supervisor
Andrea Nino, Recreation Coordinator

EVENT OVERVIEW

The City's 4th of July Blast event was held at Diamond Bar High School on July 4, 2017. The event featured live entertainment by the popular band Stone Soul, a variety of food choices provided by local non-profit groups, and souvenir glow items for sale provided by DB 4 Youth. The event was capped off by a 23-minute fireworks display choreographed to music that was introduced by Mayor Lin at 9pm. Approximately 7,000 adults and children participated throughout the day. Due to the free event admission and scale of the event, it is highly likely that the event draws significant participation from residents living outside the City limits. One event attendee did stop by the Event Information booth to let us know that they drove out from Long Beach after hearing about the event.

Staffing was provided by full and part-time employees from the Parks & Recreation and Public Works Departments. Fire suppression, safety, emergency services, law enforcement, and traffic and crowd control support was provided by the Los Angeles County Sheriff's and Fire Departments. CARE ambulatory transportation was also on site to provide first responder coverage. No participant injuries were reported.

The preparation for this event involved several City departments and coordination between multiple agencies. Planning meetings took place months in advance between Public Works and Recreation staff to discuss the logistics of the event, including details such as equipment layout, signage, food booth requirements, power needs, parking and shuttle routes. In addition, meetings took place with the Diamond Bar Sheriff team to devise a crowd and traffic control plan for both before and after the event. City staff also met with contractors several weeks prior to the 4th of July to discuss the fireworks display and campus preparation. The meetings provided valuable information about tree debris, leaf litter clean up, and ground saturation required to safely execute this event. Coordination also occurred months in advance between the City and Walnut Valley Unified School District for use of Diamond Bar High School. City staff worked with school personnel to develop a responsibility list for the weeks leading up to the event and the day of. The list included a watering schedule, mowing and campus clean up expectations, and their role for the actual event. Preparation for this event is a critical and labor intensive process that is important to the success of this event.

FINANCIAL IMPACT

The 4th of July Blast is a free public event that generates no revenue offsets. As outlined in the attached financial summary, direct costs of \$51,824.63 were incurred, with the three largest cost centers being contract services (fireworks, sound services, entertainment, etc.), equipment rental (portable stages, restrooms, lights, etc.), and shuttle services. Because long-term event planning by full-time staff in the months preceding the event was not accounted for as a direct cost, personnel services costs do not fully account for all event-related costs.

The following is an annual expenditure comparison:

<u>Fiscal Year</u>	<u>General Fund and Prop A Expenditures</u>
2017/18	\$51,824.63
2016/17	\$51,966.32
2015/16	\$52,786.81
2014/15	\$49,531.57
2013/14	Event Cancelled

STAFF OBSERVATIONS

Each year following the event, staff conducts a self-evaluation to identify areas in which the

events can be further improved. This year, staff noted the following:

Sheriff Recommendations

1. Block off the left turn lane for those traveling north on Diamond Bar Blvd.
2. Leave a Type A Barricades at Presado and Laurel Rim.
3. Add directional signs throughout the neighborhood streets to reduce traffic jams exiting the neighborhood.
4. Add a Deputy at the handicap parking lot at the conclusion of the event to help monitor traffic.
5. Eliminate parking spaces on Pathfinder from Fern Hollow to Evergreen Springs (in front of High School)

City Staff Recommendations

1. Add an additional light tower on the baseball field across from the stage.
2. Add additional "No Pets Allowed" signs or consider changing the visibility of such signs.
3. Create a "Lost Person" plan in writing prior to event.
4. Move food vendors (or food trucks in the future) to the baseball field across from the stage.
5. Use pedestrian barricades for walkway in handicapped parking lot for pedestrian exit to help with safety concerns.
